

Cheshire and Merseyside Endoscopy Hub

**Your choice for faster
endoscopy care**

About the hub

The Cheshire and Merseyside Endoscopy Hub is a specialist service for patients across Cheshire and Merseyside who need an endoscopy procedure.

Our dedicated, purpose-built hub has four endoscopy rooms with modern technology and equipment to provide high-quality care in a safe and comfortable setting.

You can come to the hub for procedures such as:

- gastroscopy
- colonoscopy
- flexible sigmoidoscopy

The hub follows the same clinical standards as your local hospital, so you can feel assured that you'll receive the same high-quality care from our experienced team.

If you are waiting for an endoscopy test, having your procedure at the hub may help you get your appointment sooner.

What to expect from your visit

The hospital team already involved in your care will refer you to the hub if it is a suitable option for you.

Our booking team will then contact you to offer an appointment. They will explain everything you need to know before your visit.

Choosing an appointment at the hub may help you be seen sooner. This could help you get the answers you need and start the next steps in your care more quickly.

When you arrive, you'll be greeted by our friendly team who will welcome you.

They will check your details and explain what will happen on the day.

Your procedure will be carried out by our experienced clinical team.

After your procedure, you will be able to go home and your results will be shared with your usual clinical team.

You will continue your care at your local hospital.

Decisions about your treatment

It's important to know that your care will always stay with your local hospital team.

The Endoscopy Hub is simply the place where your appointment and procedure may take place, helping you to be seen sooner.

If you decide you don't want to come to the hub, that's your choice. If change your mind at any time, please let us know and we can arrange an appointment at the hub for you.

Your questions, answered

We know you many have questions about the Endoscopy Hub and your appointment.

You can scan the QR code to read our frequently asked questions or ask a member of the team to send you a copy.

Where to find the hub

The Endoscopy Hub is based at:

Halton Hospital Nightingale Building, Hospital Way, Palacefields, Runcorn, WA7 2DA

The Nightingale Building is on the main Halton Hospital site, to the south of Runcorn. The hospital is easy to reach by car from the M56 motorway and local public transport networks.

There is a large car park available on the left as you drive into the hospital site. From there, you can use Entrance 1 and follow the signs for the Endoscopy Unit.

This is a photo of Halton Hospital Nightingale Building where the hub is based:

You can view the location on [Google Maps](#) by scanning the QR code.

Contact us

If you have any questions before your appointment at the hub, you can get in touch with our booking team.

Phone: 01928 753396

Who provides this service?

The hub is managed by North Cheshire and Mersey NHS Foundation Trust to help patients get the tests they need sooner, reduce waiting times and improve the overall experience of care across Cheshire and Merseyside.

We look forward to welcoming you.
